BOY SCOUTS CELEBRATE AT VICTORIA DAY

March from Club House to Free Hall Grounds and Give Exhibition of Work—Bugsle Band Takes Procession—Exhibition Given Greatly Enjoyed

Those who saw the Boy Scouts march on last Tuesday morning, and witnessed their performances on the football grounds were most agreeably surprised with the progress they have made so far.

Promptly at ten o'clock in the morning the boys, headed by their bugle band, left their club rooms and marched to the grounds. On arriving here they were called upon by the scout master to give exhibitions of the several branches of work which they have been taking up during the winter months. Among these were demonstrations of ambulance work and first aid, and their instructor, D. Hicks, was present and pronounced their operations well done. The scoutmaster, Mr. Messenger then put the boys through a course of physical drill. In this the boys showed that they had made progress and were taking a keen interest in it.

The signalling corps was then called to the aid. There were three placed about the field and a message sent by relay to the receiving group. Mayor Bell was called upon to read the message which was to the effect: The boys took it and with their flags communicated it from one of the groups to the other correctly. The message was "Redcliff Celebrates Victoria Day with a Scout Parade." A. R. Ballantyne has been training the boys in this branch of their work. Demonstrations of the various kinds of knot-tying, and an explanation of their uses were also given by the boys from the different parties. At intervals the bugle band entertained their crowd, and it may be said that it was probably in connection with the band that the most surprise was expressed. They surely have progressed wonderfully under the inside-skin of Tom Ogden.

At the close of the program the Union Jack was unfurled and the scouts called upon to explain the composition of the flag. When it was done the crowd joined in singing "There's cheer for the boys in their blue." All then sang "God Save the King" as they then were brought to a halt on the main thoroughfare two hours earlier said in Redcliff.

Irrigation Company Pushing Development

The second irrigation season on the Canada Land & Irrigation Co.'s project has begun in earnest and it has been admitted at three separate points on the system, is now flowing in all sections of the main canal west of the irrigated tract, and has reached the Vancouver Irrigated District.

During the last few days water from the Bow River was diverted through the gates straight across intake south of Carleton, and it is present is filling the large inverted siphon which crosses the East Arrowhead Creek, after which it will pass through to Lake McGregor. During the past year, large quantities of water were stored in the way along the banks of the Little Bow to the smaller reservoir.

PARCEL POST TO UNITED KINGDOM

Under arrangements recently entered into with the British Postal authorities a person sending a parcel to the United Kingdom may write on the wrapper a request that it should be delivered as addressee, it may either be treated as abandoned or delivered at a second address. If there is no definite request for abandonment a parcel which cannot be delivered at the original address to the alternative address (when one is furnished), will be returned to the sender at his expense.

The sender's name and address should be plainly written on the wrapper of every parcel sent by Parcel Post.

Remember you may only two more days in which to register.

Two More Days To Register

Citizens of Redcliff are reminded that they have but two more days to register their names in order that they may be able to vote on the approaching bye-election which takes place on June 1st.

This election is for the purpose of electing a member to represent us in the Canadian Parliament for the remainder of the present term. There is no doubt that during the campaign questions of interest to every citizen of the country will be discussed. There may be those who at present feel that they are not interested in this campaign, but who, on hearing those questions discussed, will wish they had a vote. To be on the safe side, therefore, all qualified voters should register now so as to be in a position to vote when the time comes.

The registration will be at the Review Office all day tomorrow (Friday) and Saturday, from nine o'clock in the morning till nine o'clock in the evening. All qualified voters in this town are invited to the purpose of receiving registration. Any who neglect to register will not be able to vote. Do it today.

Quiet Sitting of The Town Council

Very little business came up for discussion at the regular meeting of the Town Council held last Monday evening. The majority of the time was taken up with a discussion of the town's financial affairs and arranging for securing information to send to the Utilities Commission in connection with the gas inquiry.

Mayor Bott occupied the chair, and Councillors Oakland, Broughton, Rees and Store were present.

J. F. Bending was present and asked permission of the council to have the road reverted to acreage. This matter was referred to the Mayor and Clerk to investigate and report at the next meeting.

Councillor Broughton and A. MacNeil were appointed a committee to prepare figures to be submitted to the Commission in connection with the gas inquiry.

Liberals Do not Nominate Candidate

At the Liberal convention held in Medicine Hat last Friday, it was decided not to put a candidate in the field for this forthcoming bye-election.

After due consideration a resolution was unanimously passed to the effect that in view of the fact that the present bye-election will be followed by a general election in the very near future, it was not to be advisable for the convention to nominate any candidate to contest the Medicine Hat constituency at the bye-election.

Unless some other conventions are held in the meantime, there will only be the two candidates in the field, Col. Arthur Spencer, the government candidate, and Mr. Gardner, the farmers' candidate.

To Survey Teachers Supply Situation

A thorough survey of the teacher supply situation in Alberta is about to be made by the department of Education with a view to ascertaining how many of the high school school students throughout the province will be available for the teaching profession next fall. Detailed questionnaires are being sent out for this purpose, and the information is to be gathered through giving school teachers and the field inspectors.

Full classes at the three normal schools, and the department has the next term, but in order to make use of as large an enrollment of future teachers as possible, steps are being taken to make a systematic canvass among the senior students at the high schools, who will be urged to give consideration to the various opportunities of the teaching profession.

TWO NATIONS AT PEACE

A state of peace between China and Germany has been declared, according to a dispatch. It puts an end to the state of war and re-establishes diplomatic and commercial relations.

Grace Swiss Alpine Yodlers. Two Big Concerts, Closing Day of Cheateau.

Another Good Win To Redcliff's List

By winning out their game with the Vets last Thursday evening the Redcliff football team is now at the top of the league. The game was witnessed by a record crowd, and it was the unanimous opinion that his was the best game ever played in this district. The evenly was the play divided and well distributed over the halves on both sides, that it would be almost impossible to give a detailed summary of the game throughout. Suffice it to say that it was football all the way, and the crowd was kept on its toes from the time the ball was kicked off until the final whistle blew.

Some idea of the closeness of the game may be gained from the fact that no goals were scored in the first half, and only one in the whole game. This was scored by Simmons for Red-

cliff shortly after the second half commenced.

In the opening of the game Redcliff secured the leather and made a nice attack on the Vets' goal. For a few seconds it looked as though their chances were good for scoring, but the Vets' defence made a nice get away, and immediately play was forced to the other end, where Monaghan and Learmonth did the necessary. Away the went again only to return a few minutes later. This was the order of the play throughout the whole of the first half, especially.

The persistency with which both teams kept up the attack and defence ultimately, resulted in a few minutes later, and all appeared to be quite ready to take the few minutes respite.

(Continued on Page Three)

Benefit Soccer Game Draws Large Crowd

Probably it was because the record league football played in Medicine Hat last Thursday evening was still fresh in the minds of the Redcliff fans that the benefit game played here on the afternoon of Victoria Day drew a most interesting and exciting game was expected. Or possibly it was because our team lost out by a score of one to nothing. At all events, although goal is spots, was in the same class as last Thursday's.

The weather was warm for the occasion and there was a record crowd in attendance. In the first half the visitors played with the wind, and almost immediately after the kick off they were met by a goal to start, keeping the ball well up on the Redcliff goal for several minutes. After a free kick given to Redcliff, the ball almost immediately returned to dangerous quarters, and after a few seconds was nicely found in the net by a shot which it was impossible for Jones to reach.

This put new life into the local line up, and from the way they started out it looked as though it would not be long till they equalized. Towards the end of the first half they made a series of attacks on the opposing goal, but were unable to land. The first of the visitors was the score 1 to 0 in favor of the visitors.

The second half commenced with a lull, and the crowd began to get a little restless. Redcliff made a determined effort to equalize. Several shots were made, but all either went wide or were blocked. Then followed a period of kicking out of bounds and accompanying thrives in. This had a tendency to dampen the order and make the game very slow in spots. No goals were scored in this half, and when the game was called the crowd stood the game as at the finish of the first half. W. Burgess acted as referee to the satisfaction of all concerned.

Will Complete Line on Manierberies Branch

D. C. Coleman, vice-president of the Canadian Pacific Railway Company, upon his return here from a trip throughout the west, announced that work would begin at once on the branch line between Altaville and Manierberies, which, when finished, would complete the line from Weyburn to Stirling, Alberta.

Farewell Evening For M. J. Clarke

Members and officers of the Roman Catholic church met in their church last Monday evening as a farewell gathering for M. J. Clarke, one of their valued and greatly respected members, who is leaving shortly for his old home in Indiana. Since coming to Redcliff Mr. Clarke has taken a keen interest in the work of his church and since the local congregation was organized he has been active in its various activities. Because of this his associates feel that they could not let the evening pass without taking advantage of the opportunity to express to him their appreciation of his services rendered.

On behalf of the congregation Father Fitzpatrick expressed the regrets felt because of Mr. Clarke's removal, and presented him with a set of gold cuff links and a fountain pen.

P. Campen and P. Lavelle also referred to the great loss to the church which the removal of Mr. Clarke meant, and they expressed the hope that he would soon return to Redcliff. In acknowledging the gifts and the many evidences of kindly feeling and appreciation, Mr. Clarke was visibly affected. He suggested that circumstances make it necessary for him to leave Redcliff at the present time, and expressed the hope that the church which was his starting out on its career in Redcliff, would continue to grow and prosper.

During the evening the ladies of the church served refreshments and a pleasant social hour was spent. Much credit is due to Mr. and Mrs. Theobald, of Medicine Hat, for their excellent music furnished by them which helped greatly to make the evening enjoyable.

The ladies of the church were also present to thank Mr. and Mrs. Hanel for their kindness, and hope that this will not be the last opportunity they will have of enjoying such music as they provided on Monday evening.

Football Protest Is Thrown Out

Officers of the Vets' football team of Medicine Hat entered a protest against the proposed game with Redcliff in this city last Thursday evening, on the ground that one of their players was knocked out at the time the goal was scored.

The league officials met last Monday evening to consider this protest, and after hearing the case from both sides, decided there was no ground for the protest. The game, therefore, stands as a win to Redcliff's credit.

Alberta to Study Chilled Meat Plan

W. Spurrell, of Bowden, who with John Wilson, of Inisfail, are proceeding to the old country with the Hon. Duncan Marshall, provincial minister of agriculture, to study at first hand the prospects of establishing a colder meat trade between Alberta and the United Kingdom, is sanguine that the result of the visit will be eminently satisfactory. While in Calgary on Friday making arrangements for his departure, Mr. Spurrell characterized various statements that had been circulated with the object of throwing cold water on the scheme, as impracticable.

He stated that he average price for North American chilled meat quarters in the United Kingdom in 1911 had been 55¢ to 65¢ a pound. That was a shade better than the price quoted for English meat at the same time, or at any rate prices were on a par.

"Whatever is the outcome of our visit," he said, "we will know once and for all whether the scheme is feasible. Personally I have not the slightest doubt about it. Although conditions may be totally different from what they were some years ago, I am as firmly convinced as ever that it will be only through the chilled meat trade that we will be able to establish the Western Canada stock industry on a firm and sure basis."

The destruction of the Dublin edition house constituted the most serious damage done to the rebellion. The building, which nothing remains but he shell, was erected during the early part of the century and was one of the most beautiful in Ireland. It had little to do with the customs, but it was the headquarters of the chief administration, and its destruction was more disabling to the ordinary machinery of the government than if Dublin Castle had been burned.

COL. SPENCER HAS LAUNCHED UPON CAMPAIGN

In Holding Meetings in Cows his way, and Electors Taking Interest in His Campaign—Information. Headquarters in Medicine Hat

(Supplied from Col. Spencer's Committee Room).

Nelson Spencer, Government Candidate in the coming bye-election for the Medicine Hat riding, launched upon his campaign early this week. Meetings were held at Orono on May 23d, Manierberies, May 25th, Pundah D'Orville, May 26th. Other meetings will be held at Elkton on May 27th, Nisku, May 28th, Fairview, May 29th, and Bow, June 2nd, Safford, June 7th. Good attendance at all of the meetings already held, and there is abundant evidence that the electors are taking an intelligent interest in the issue of this campaign.

Ample opportunity will be given every elector in the riding to attend meetings, and a special invitation is extended to the ladies. Meetings are being advertised well in advance.

The office of the Conservative Association is at Medicine Hat, and requests for information will receive prompt attention.

Church Organizes Athletic Association

A meeting of the young people of the Presbyterian church was held in the church last evening for the purpose of discussing the advisability of forming an association to take up some kind of athletic sport in connection with the church. There was a large attendance of young people present and all entered enthusiastically into the proposition.

After discussing the movement from its several angles and receiving suggestions as to what line should be adopted, it was decided to first organize an association to be known as the "Presbyterian Athletic Association."

The following officers of the association were then elected: Hon. President, Rev. S. T. Paton; President, Rev. D. C. Smith; Vice-President, Mr. H. H. Fountain; Sec.-Treasurer, Miss Jean Gray; Executive Committee—Mrs. H. Champ, Miss Habel, Mr. Simmons, Miss Duffield, Miss Bazzard, H. Champ and H. O. Klineck.

For the present it was decided to make arrangements for playing tennis and croquet. The committee will meet tonight to make further arrangements for other lines of amusement.

All young people associated with this church in any way are invited to join the association. They should register their names with any of the officers as soon as possible. As further arrangements are worked out they will be announced from week to week.

Crop Conditions Good in West

Conditions for the growing crop over the whole of the west during the past seven days have been ideal, the Grain Trade Review says in its weekly report. All reports speak of the rapid growth of the wheat that is already showing the signs of the rapid germination of the recently sown seed. The damage from frost, which was mentioned in the last issue, has been virtually local and has already been made up by new growth. Some delay has been acknowledged by the frosty weather, rendering heavy land unfit for work for several days, but drills were back on the job again by the 24th.

Veterans Ask Loans for Houses

The Great War Veterans' association of Ontario announced in annual convention, called on the Dominion government for a loan of \$50,000,000 to the soldiers' settlement loan to enable the city veterans to buy a house or such conditions as veterans who are farming, receive them, payable in 50 years, limit of \$2500 and interest at 4 per cent. It was claimed that this would solve the housing problem and to combat the unemployment and give satisfaction to the veterans' housing homes.

A WISE DECISION.

The action of the Liberals of this constituency in deciding at their convention held in Medicine Hat last Friday not to put a candidate in the field, in the approaching bye-election, is being commented upon most favorably in all quarters throughout the constituency.

This decision on the part of the convention cannot in any way be considered as a sign of weakness in the party in this constituency. On the contrary, it cannot be looked upon as other than a wise and businesslike decision, arrived at after carefully considering the situation.

This bye-election, coming as it does near the end of the term of the present parliament, means that even if the Liberals did put a candidate in the field, and even if he were successful at the polls, it would be of little or no advantage to the party at the present time as it would not alter the standing of the government to any appreciable extent. Besides this, there is the certainty that within the next eighteen months there will be three more elections in the federal and provincial constituencies of Medicine Hat. By refraining from taking an active part in the approaching bye-election, the Liberals will be in a better position to enter the three contests above referred to. Taking everything into consideration there is no doubt that the decision arrived at at the convention last Friday was a wise one.

DON'T NEGLECT REGISTERING.

This is the last opportunity we will have to remind our readers that they must register their names if they wish to have a vote on the approaching bye-election which takes place on the 27th of June.

E. L. Stone has been appointed registrar for the town. He will be at the Review Office all day tomorrow and Saturday from nine o'clock in the morning till nine o'clock in the evening. If you do not register your name with him before nine o'clock Saturday evening you will not be able to vote.

It should also be remembered that women have a vote in this election. The qualifications for them are the same as for the men. That is all must be British subjects, either by birth or naturalization, of the full age of twenty-one years, have lived one year in Canada, and two months in the federal constituency.

Some appear to have the idea that they must be property owners in order to register and vote. This is a mistake. The only qualifications are as above stated. If you come under these heads, therefore, make sure that you register so that you will be able to exercise your franchise when the time comes.

WOMEN TO VOTE.

As the bye-election now in sight will be the first one in which the women of this constituency as a whole will be granted the franchise, the enthusiasm with which they will enter into the spirit of the newly secured right will be watched with interest. It behooves the women, therefore, as well as the men, to familiarize themselves with the public issues of the day and acquaint themselves with the policies of the parties represented in the campaign so as to be in a position to cast their votes intelligently on the 27th of next month. No opportunity should be lost to hear the candidates or their representatives at the various meetings which will be held throughout the constituency, and an honest effort should be made to select the man who will render the best service to this constituency and to the Dominion as a whole.

SHOULD FEEL GRATEFUL.

Parents and others in town interested in the welfare of our boys, could not but have been impressed with the excellent showing made by our Boy Scouts at the field day arranged by them for Victoria Day. Nor could they help but feel that the town as a whole should feel deeply grateful to Scoutmaster Rev. C. F. Orman and his able assistants in the various branches of the scout work, for the interest they are taking in the boys and the admirable manner in which they are bringing them along.

The demonstrations of the different lines of work taken up so far were a credit not only to the instructors and the boys, but to the town as well, and we are exceedingly fortunate in having such painstaking and capable instructors.

In the past the scouts have been well supported by our citizens in everything they undertook. We feel sure that no one will regret anything they have ever done for them, but on the contrary will, after having seen their performances last Tuesday, enter more heartily than ever into their support and encouragement in the future.

In this issue of the Review we carry an advertisement for the Provincial Government in which they advertise ten and fifteen year provincial bonds. As these are good, safe and sure investments we would advise any who have any savings to invest to give this matter their serious consideration.

HOLIDAY IN CANADA.

Planning vacation trips is one of the pleasures in the average Canadian home. The approaching holiday season tempts the mind

to wander to shady hools, to the seashore, to the fishing ground and the camp.

Canada offers to her people all the attractions it is possible to desire, either for recreation or change. We have all conditions of temperature and altitude from the sea level to the mountain heights. In our inland lakes and streams we have almost every variety of fresh water fish, with boating and bathing to satisfy the most exacting.

Why, then, should we look beyond our borders for summer resorts.

And do not forget to register if you want to vote.

Renew Your Membership In The RED CROSS

During the war everybody gave to the Red Cross. In these Western Provinces, hundreds of thousands of citizens joined in the greatest flood of gifts ever poured through a single voluntary organization.

Because the need was vital, the emergency ever pressing, there was little formality of membership. Everybody belonged to and was a part of the war-time organization of the Red Cross.

Red Cross now has peace-time duties just as important to humanity as its greatest service of devotion in time of war. The Red Cross Societies of the world have league together in a broad-gauge, carefully planned continuous campaign—

For the Improvement of Health, the Prevention of Disease and the Mitigation of Suffering Throughout the World.

This work is to be carried out at home, right here in our own country by our own Red Cross and simultaneously in every one of the thirty-one countries associated in the World League of Red Cross Societies. The Red Cross peace-time crusade for good health is separate and distinct from the war work of the Red Cross or the great task that it is still carrying on, growing

out of its care of those who suffered in the war. To endorse, support and carry on its peace programme the Red Cross asks the approval of every citizen through the enrolment of his or her individual membership. The Membership Fee is \$1.00 per year. The payment of this dollar when you enroll your name is all the money the Red Cross is asking of you.

Enroll

As the outward and visible sign of your faith in the Red Cross, your participation in its good work, your support of its world-wide mission for the improvement of conditions under which humanity lives.

Enrolment Dates, June 5th-11th

WHEN WOMAN HITS THE TRAIL IN THE CANADIAN ROCKIES

The outdoor girl—and her name is legion—knows almost as much about the trails, camps, mountains and fishing of the Canadian Pacific Rockies as more man. Every summer Banff and Lake Louise are thronged with members of the fair sex who hit the trail to view the beauties of lakes and streams where the trout hide, climb mountains and camp for days near to Nature's heart. Safeguarding expert guides they learn to ford streams, fish and shoot, while the real Swiss guides from the

Alps overseas to show the way to the summits of majestic mountains. When they ride, climb and camp as well as their brothers, husbands or sweethearts and husbands think about it, it is not even Mrs. Grundy, because she has been wearing the shortest of short skirts here told to be in the mode. The war changed many things. It gave women the vote and made breeches for women conventional. Beauty appeals to the outdoor girl and she loves the Canadian Rockies. Each rises a mile or more above Lake Louise and Banff in

cause they are unexcelled in beauty and majesty. The Alpine Club of Canada has many women members, the most expert of whom do not hesitate to attempt the conquest of any peak men have ascended. In 1901 Mount Assiniboine was ascended for the first time by Sir James Macdonald. Three years later Miss Gertrude Bonham, an English girl, was the first of her sex to reach the summit of this great peak. The waterbarn of the Canadian Rockies. Both were assisted by Swiss guides. Several made the ascent during the camp of the Alpine Club last summer.

Canadian Budget Carries in House

The Government was returned to a majority of 20 in the vote on the Fidelity amendment to the budget. The vote stood 83 for the amendment and 103 against. The announcement of the figures was greeted with loud and prolonged cheers by the Government members, who gave vent to their feelings by throwing books and papers in the air as they cheered. The vote did not come until nearly fifteen hours of sitting. The main motion carried on the same division.

Stirring Appeal For Red Cross

The Red Cross emerged from the Great War with a record unsurpassed for service and efficiency. Organized to save life amidst the wreck of war, it has become a sign that war shall one day cease and that the love of man will finally conquer the hate of men. It is one of the grandest agencies in the world for promoting goodwill among the nations. It has become part of the League of Nations, and constitutes an International force that will help to remold civilization. We have long witnessed nations organized for war; we are now to witness the grandest spectacle of organization for the promotion of Peace and Health, for the mitigation of suffering and calamity. In these words Lieut. Governor R. C. Brett summarized the ideals of the Red Cross, in a message to the people of Alberta. Always an aid to Red Cross supporter and worker, His Honor calls on the public to join. His Irish self-determination league water-points out that the Red Cross today

constitutes an international brotherhood of people carrying on a great work for humanity.

Thinks There Is Oil Nearer Railroads

Until it has been shown conclusively that oil does not exist in paying quantities nearer the present transportation lines, railway transportation to the Port Norman districts will not be provided, declared D. C. Coleman, vice-president in charge of the Western line of the Canadian Pacific Railway. Mr. Coleman stated that geologists had declared that there is no reason why oil cannot be found in paying quantity in other portions of Alberta and this has been borne out by the fact that oil has been discovered recently near the Montana boundary. A new trial will probably be held to decide whether O. T. Gratton-Bonnie, Cross supporter and worker, His Honor calls on the public to join. His Irish self-determination league water-points out that the Red Cross today

ANOTHER GOOD WIN Continued from Page One

to which the half-time whistle entitled them. On returning to the fray, however, both showed equal determination to break the deadlock. First to one end and then the other went the players with equal skill, land, regularly. After about ten minutes play the Cliffs made a nice rush, bringing the ball into dangerous quarters. A scrimmage, in which every player on the field appeared to be taking part, followed, just a few feet from the nets, until finally Simmonds got an opening and landed 1 to 0. Wow, she was a bear.

But he game was not over yet. Twenty-five minutes more to play and still going strong. With the use of tact this goal both teams were more determined than ever. The one to equalize and the other to maintain the lead or increase it. To start off with the Vets made several unsuccessful attempts to locate the net, the play was transferred to the other end, where the Redcliff forwards met the same fate. After fifteen minutes play, in which the same program was

repeated, this side just on an extra start and five several minutes kept the ball in dangerous proximity to the Redcliff goal. Once, Monaghan and Leamouth were close together to deliver the goods, however, and after spilling several shots they made a nice get away and started the play in the other direction. The Redcliff forwards then took possession and after a nice piece of combination the ball was brought to within a few yards of the Vets' goal. Here Duggan secured and there was breathless silence, but when the clouds rolled in the way and after successfully beating his check the ball had nothing between him and the net. The Vets' goal was in the way and stopped what looked like goal No. two for Redcliff.

After the goal kick which followed, only a few minutes were left to play and they were minutes of intense suspense for all concerned. The blowing of the whistle, however, brought relief, and thus was finished one of the best games ever witnessed in these parts, nothing more was to be seen from the Vets' goal. The Redcliff with the first score one to nothing in their favor. The result of this game places Redcliff at the top of the league for the time being.

LEAGUE STANDING

| | G | P | W | L | D | F | A | P |
|--------------|---|---|---|---|---|---|---|---|
| Redcliff | 3 | 2 | 0 | 1 | 2 | 3 | 5 | |
| Vets | 3 | 2 | 1 | 0 | 2 | 2 | 4 | |
| Independents | 2 | 1 | 1 | 0 | 2 | 4 | 5 | |
| Cliffes | 3 | 0 | 2 | 0 | 2 | 5 | 5 | |

Oh Hoy and Oh Oho, but it was a grand and glorious feeling. At Waterloo, Wellington prayed for Blucher or night.

At the last every Redcliff fan did the same for a goal, and it came.

Did you ever see a more strenuous and exciting game.

Sighs of relief went up and joined Hatfield's rainmaking mixture when that old referee toiled on his whistle.

Especially from the players.

The Misses Bussard, Duggan and Webb are hereby appointed Official Rooters.

His Worship B. J. is appointed chairman.

All together now, One, Two, Three. (Tune: "Bring Back My Bonnie to Me.")

We've come from the good town of Redcliff.

To show you how football is played; If we should beat you to frazzle, 'Tis courage and don't be dismayed.

Chorus. REDCLIFF, REDCLIFF.

That's the name that sounds good to me; REDCLIFF, REDCLIFF.

We're at the top of the tree.

PLAIN BUSINESS

Advertising is just plain business. In these days of keen competition no business man can neglect to advertise his wares and hope to succeed.

The buying public are looking through the newspapers to see where they can get the most for their money and if your advertisement does not appear in your home paper they are going to spend their money elsewhere.

The columns of The Review are open to you at reasonable rates and as it goes into nearly every home in Redcliff where the English language is spoken, you are neglecting your business if you do not take advantage of them.

The Review's subscription price is \$2.00 per year

SYNOPSIS OF IMPORTANT ACTS

Passed at the Fourth Session of the Fourth Legislature,
Province of Alberta

Ninety-Two Bills Were Introduced — Of Fifteen Private Bills, Eleven Were Passed, and of Seventy-Six Public Bills, Sixty-Six Were Passed

The Fourth Session of the Fourth Legislature of the Province of Alberta was opened by His Honour Lieutenant Governor, on Monday, February 13th, and came to a close on Tuesday, April 19th.

PUBLIC ACTS

1.—AN ACT TO AMEND THE LIQUOR ACT.
After the 1st day of June, 1921, no physician shall be furnished with any first order except prescription forms in a month, unless he makes application in writing, giving reasons for requiring more.

After the 1st day of May, 1921, every chemist and druggist shall upon his first order receive a reasonable quantity of liquor, but shall not thereafter purchase a greater number of bottles than has been dispensed by him from that date.

The law preceding purchase as shown by original prescriptions delivered by him to the vendor. However, where the vendor is a pharmacist, he may purchase such quantities of liquor as he may require for the purpose of filling prescriptions delivered by him to the vendor.

Every municipality may be in the same manner as directed, with regard to by-laws as to the running of large animals, and may prohibit the running of any domestic animals, such as horses, cattle, sheep, or swine, on any land owned by the actual owner of the same.

Every municipality may be in the same manner as directed, with regard to by-laws as to the running of large animals, and may prohibit the running of any domestic animals, such as horses, cattle, sheep, or swine, on any land owned by the actual owner of the same.

Every municipality may be in the same manner as directed, with regard to by-laws as to the running of large animals, and may prohibit the running of any domestic animals, such as horses, cattle, sheep, or swine, on any land owned by the actual owner of the same.

Every municipality may be in the same manner as directed, with regard to by-laws as to the running of large animals, and may prohibit the running of any domestic animals, such as horses, cattle, sheep, or swine, on any land owned by the actual owner of the same.

Every municipality may be in the same manner as directed, with regard to by-laws as to the running of large animals, and may prohibit the running of any domestic animals, such as horses, cattle, sheep, or swine, on any land owned by the actual owner of the same.

Any person who gives his discharge or release to any person who is liable to be arrested for any purpose other than that for which such discharge or release is made, shall be liable to a fine of not more than \$100.

7.—AN ACT TO AMEND THE VITAL STATISTICS ACT.
The Deputy Minister of Health shall be Registrar General and the Lieutenant Governor in Council shall appoint a Deputy Registrar.

Every Registrar upon registering the death of any person shall forward a burial permit with the certificate of death, and if the person is buried in a cemetery, the Registrar shall not issue the permit until the body has been buried.

Where death occurs outside the Province, or in a registration district other than that in which the burial is to take place, a certificate of registration of death signed by the proper officer at the place of death, or by the Registrar of the district in which the death occurred, as the case may be, shall be sufficient authority for the issue of a burial permit.

In the event of the child being born dead, both the birth and death shall be registered and notice of the birth shall be given to the Registrar in the usual manner.

The power of a municipal district to declare by-law what a lawful fence shall be has been amended, so that the power of the Lieutenant Governor in Council to declare by-law what a lawful fence shall be has been amended.

Every municipality shall be a pound district. Every district that may or all domestic animals shall be a pound district.
